

INFLATABLE RENTAL CHECKLIST

CHECK SPACE REQUIRED

Make sure the inflatable will fit in the desired setup area. Smooth grassy, pavement, dirt surface.
Check website for dimensions.

CHECK PATH TO SETUP LOCATION

No stairs, incline or decline present. 3' pathway required or 4-6' for bigger items.

CHECK ELECTRICITY REQUIRED

All inflatable blowers require its own dedicated 15 Amp circuit outlet. Some bigger inflatables require 2-3 outlets. Outlet must not be no longer than 50 feet away. If so, a generator will be required. Customers must not use their own personal extension cords.

INFLATABLE BLOWERS MUST BE PLUGGED IN THE ENTIRE TIME DURING PLAYTIME!

CONFIRM ORDER

Sign contract electronically & pay the minimum balance. Remaining balance will be due on the day of delivery prior to setup!

PREPARE ITEMS NEEDED

Clear pathway to setup location. Have water hose ready to reach setup location for water units.

EVENT DATE

Adult attendant must be present at all times to supervise. DO NOT overload electrical circuit, move the inflatable, stakes and or sandbags once setup! If inflatable is moved the customer will be responsible for a \$100 tampering fee!

HAVE FUN!
